11	101012	Cysts, cystomas, cystic changes in the ovaries	14 723,00
12	101013	Endometriosis	22 257,00
13	101014	Prolapse of genital organs. Old vaginal rupture	21 869,00
14	101017	Erosion and ectropion of the cervix. Old cervical rupture. Hypertrophic lengthening of the cervix	9 341,00
15	101021	Menstrual disorders and other abnormal bleeding from the female genital organs	14 771,00
16	101022	Uterine fibroids	22 211,00
17	101023	Female infertility (hysterosalpingography (HSG))	2 636,00
18	101024	Female infertility of inflammatory origin	21 456,00
19	101025	Female infertility of tubal origin	14 723,00
20	101026	Female infertility of mixed origin	14 723,00
21	101027	Female infertility of endocrine origin	21 915,00

22	101029	Ectopic pregnancy, ovarian apoplexy	14 861,00
23	101030	Medical abortion (up to 12 weeks)	2 636,00
24	101031	Medical abortion (over 12 weeks)	8 046,00
25	101032	Failed miscarriage. Failed attempt at medical abortion	14 771,00
26	101033	Spontaneous abortion. Unspecified abortion (uncomplicated)	14 771,00
27	101034	Septic criminal abortion. Infection of the genital tract, pelvic organs and tissues. Prolonged or massive bleeding.	33 761,00
28	101035	Uterine cancer. Ovarian and fallopian tube cancer	22 740,00
29	101036	Threatened abortion. Early toxicosis of pregnancy	24 752,00
30	101037	Postpartum endometritis	25 900,00
31	101039	Postpartum endometritis (hospitalization in the pediatric department)	9 900,00
32	101038	Chronic hypoxia of the intrauterine fetus	24 772,00
33	101040	Nascent fibromatous node. Polyp of the uterine body. Uterine hypertrophy. Cystic endometrial hyperplasia.	14 771,00
34	101041	Intermenstrual pain. Dysmenorrhea. Syndromes of premenstrual tension and irritability Menorrhagia in promenopause. Bleeding after menopause. Placental polyp	9 341,00
35	101042	Cervical dysplasia. Leukoplakia of the cervix. Vaginal dysplasia. Leukoplakia of the vulva Krauroz	9 341,00
NEUROSURGERY DEPARTMENT SERVICES (adults)			
		Acute spinal cord injury with disruption of spinal cord conduction:	
36	115001	a) conservative treatment	32 133,00
37	115002	b) surgical treatment	32 653,00
		Spinal cord injury, surgical treatment, complicated by:	
38	115003	a) uroinfection	32 653,00
39	115004	b) osteomyelitis	32 653,00
40	115005	c) bedsores	32 653,00
41	115006	d) pneumonia	32 653,00
		Consequences of spinal cord injury:	
42	115007	a) conservative treatment	30 323,00
43	115008	b) complicated by urinary infection	30 955,00
44	115009	c) surgical treatment	30 955,00

45	115010	d osteomyelitis	30 955,00
46	115011	d) pneumonia	30 955,00
47	115012	Spinal cord tumor	32 519,00
48	115013	Inflammatory diseases of the central nervous system	31 454,00
		Epilepsy:	
49	115014	a) conservative treatment	25 267,00
50	115015	b) with contrast examination	28 610,00
51	115016	c) with surgery	30 210,00
		Vascular diseases of the brain:	
52	115017	a) conservative treatment	26 998,00
53	115018	b) with contrast examination	30 341,00
54	115019	c) with surgery	50 839,00
		Vegetovascular dystonia with diencephalic syndrome:	
55	115020	a) conservative treatment	26 998,00
56	115021	b) with contrast examination	26 998,00
		Inflammatory diseases of the central nervous system and their consequences:	
57	115022	a) conservative treatment	26 998,00
58	115023	b) with contrast examination	26 998,00
		Brain concussion:	
59	115024	a) conservative treatment	16 614,00
60	115025	b) with contrast examination	16 614,00
		Mild brain contusion:	
61	115026	a) conservative treatment	16 614,00
62	115027	b) with contrast examination	16 614,00
		Moderate brain contusion:	
63	115028	a) conservative treatment	20 593,00
64	115029	b) with contrast examination	20 593,00
65	115030	c) with surgery	20 265,00
		Severe brain contusion:	
66	115031	a) conservative treatment	44 126,00
67	115032	b) with contrast examination	44 126,00

68	115033	c) with surgery	45 744,00
69	115034	d) complex treatment of severe trauma	74 619,00
		Consequences of TBI:	
70	115035	a) conservative treatment	26 998,00
71	115036	b) with contrast examination	28 729,00
72	115037	c) with surgical treatment	32 955,00
73	115038	d) endoprosthesis replacement of a skull bone defect	32 955,00
		Brain tumors:	
74	115039	a) conservative treatment	20 871,00
75	115040	b) with contrast examination	24 213,00
76	115041	c) with surgical treatment	49 141,00
		Developmental anomaly, degenerative diseases of the central nervous system:	
77	115042	a) conservative treatment	30 459,00
78	115043	b) with contrast examination	30 459,00
		Osteochondrosis of the thoracic and lumbar spine:	
79	115044	a) conservative treatment	34 401,00
80	115045	c) with surgical treatment	33 238,00
		Osteochondrosis of the cervical spine:	
81	115046	a) conservative treatment	34 401,00
82	115047	c) with surgical treatment	36 713,00
83	115048	Trinitarian neuralgia	32 190,00
84	115049	Humeroscapular periarthritis, epicondylitis	32 671,00
85	115050	Deforming arthrosis of the knee joint	32 190,00
86	115051	Isolated fractures of transverse and partial processes	34 401,00
87	115077	Bruises of the soft tissues of the head, wounds of the soft tissues of the head. Peripheral nerve damage:	11 422,00
88	115078	a) conservative treatment	29 304,00
89	115079	b) with surgical treatment	31 500,00
90	115080	Spinal tumor	30 708,00
91	115081	Spondyloarthrosis of the arcuate joints of the thoracic and lumbar levels of the spine	23 821,00

SERVICES OF DEPARTMENTS OF TRAUMATOLOGY AND ORTHOPEDICS No. 1 and No. 2 (adults)

92	False joints of long bones, non-union fractures	30 784,00
93	Congenital or acquired deformities of the limbs	17 699,00
94	Contracture of large joints	13 961,00
95	Deforming arthrosis of the joints, cons. treatment	18 190,00
96	Deforming arthrosis of the joints, surgical treatment	21 438,00
97	Flat feet	18 641,00
